BEHIND THE NAME

A catapult is a powerful device that launches an object over a great distance at a high speed, aimed at a desired target. With CLATapult, *get catapulted into law school.*

LAW = LAWYER?

Studying law does not mean you have to become a lawyer who argues in courts (although this remains lucrative and well-respected). You might also choose to join a law firm or work as an in-house counsel with an MNC and earn a huge salary from day one. Then there is the option of becoming a civil servant or a judicial officer and commanding great power. The advantage of law is that it expands your horizons – journalists, politicians, business tycoons, social activists, academicians and many others come from a legal background. Law school teaches students to '*think like a lawyer*', and this training holds them in good stead regardless of the career path they choose.

CLAT LAW SCHOOLS

Common Law Admission Test (CLAT) is a single test for admission into 21 of India's premier law schools. It is usually held in the month of May every year.

THE CLATAPULT STORY

CLATapult was started in 2012 by three final-year students of the West Bengal National University of Juridical Sciences, Kolkata (NUJS), which is a Tier 1 CLAT university, reputed to be the best law school in India and a dream destination for all CLAT aspirants. While Google had its humble origins in a garage and Amazon in a basement, CLATapult was born in a makeshift classroom with just 5 students. In a short span it has grown to over 1000 students with state-of-the-art centers in Kolkata (2 centers, 2012), Bhubaneswar (2016), Nagpur (2018) and now – PATNA. Our performance is ranked the best by miles in Eastern India, with over 100 success stories in the last three years. In 2018 alone, 25 CLATapult students were admitted to CLAT law schools, of which 10 secured admission to NUJS.

The driving force behind CLATapult was the desire to help CLAT aspirants understand the nuances of the subjects through creative means rather than conventional rote learning. With this in mind and having very recently been through the exam process themselves, the trio compiled study material and question banks that would help students learn as per this ideology. This was the reason for CLATapult's meteoric rise, which is unprecedented for a CLAT training center. As a matter of fact, CLATapult's success rate is 5 times higher than the national average.

HOW CLATAPULT PATNA WAS BORN

Vishrut Jain, our Founder, is an alumnus of NUJS. After graduating with honors in 2012, he went on to pursue a successful career in the corporate sector, while three of his law school mates wrote the first chapter of the CLATapult story.

Seeing the CLAT aspirants from these cities blossoming as a result of such quality training offered by CLATapult, it bothered Vishrut that the same was not available to CLAT aspirants from his hometown, Patna and the rest of Bihar. Students from Bihar are renowned for their intelligence and hard work. Then why is Bihar underrepresented in CLAT rankings? The fault lies in the current crop of CLAT training centers, which are nothing more than money making machines where CLAT aspirants are not provided the proper guidance required to make it into law school. Vishrut came to the conclusion that he needed to make a difference here and decided to move back home and set up an island of excellence in the form of a CLAT training center. And this is how CLATapult Patna was born.

"Some see things as they are and ask, why; I dream things that never were and say, why not?"

— President John F. Kennedy

WHO WE ARE

We are new in Patna but bring years of experience from all over India with us. The CLATapult brand represents care. It shows through in everything we do. We aim to provide an inclusive environment and a safe space where the focus is on learning and CLAT aspirants can express themselves freely. Our ethos is women-led, with a majority of our faculty being female and a special scholarship for female CLAT aspirants. What sets us apart is our approach, which is tailor-made to cater specifically to the needs of students from Patna, unlike any of the run-of-the-mill CLAT training centers that have mushroomed all over the city. As we like to say here at CLATapult – ***Patna's CLAT aspirants are special. So, we rethought the CLAT training center.***

It is best to be taught by those who have walked the walk. CLATapult is conceptualized, managed and taught by advocates and CLAT school graduates who have been there, done that. Thus, the foundation of CLATapult is built on the lived experiences of those who have themselves been successful at CLAT and similar tests, and are therefore able to provide valuable inputs and guidance that go beyond the routine learning techniques of other CLAT training centers. Our faculty members are able to provide valuable inputs and guidance that go beyond preparation of the study material. They teach you the attitudes and soft skills that carry over even after clearing the exams and entering a law school.

In addition to the stellar course material compiled by NUJS graduates and taught by the CLATapult Resident Faculty, CLATapult also offers video conferencing facilities in a tie-up with the CLATapult Kolkata Center, where the teachers are current NUJS students. CLATapult Patna also regularly invites famous legal personas to teach CLAT aspirants as Visiting Faculty and Guest Lecturers. So, the verdict is out – ***If it's CLAT, it's CLATapult.***
